Radway's Ready Relief

REMEDIES have been before the public so long, have performed so many miracolous cures, have restored so many thousands of weak, fee be and dying invanids to robust health, have protected whole neighborhoods from sudden attacks of raging pestilence, have been tested and tried with the most astonishing success in the most difficult cases that Hospital Practice and the prevalence of Yellow Fever, Billious Fever, Spotted Fever, Typhus Fever, Fneumonia, Cholera, and all other malignant disorders could furnish, and that, too, by the most celebrated Physicians and Medical Writers in this country, among whom we may mention the names of Page, Stone, Gillen, Francis, Lambert, Griffen, Hopkins, and many others well known to the people, and have restored back to life, persons who were dying, and had been given up by all the doctors of merit in the places where they lived, that we deem a short reference to each of the Three Simple Remidles we use in the R. STOPPED IN A SHOKT TIME BY RADWAY'S RELIEF.

A LUMP OF DEAD DIGNITY

On board of the steamboat Shotwell, on her trip from New Orteans to Chicinnati, the cholera had laid on their backs some fifty out of seventy-five passengers; for a few hours the scene was of the most terrible character.—Among the passengers were two regular doctors and a staunch riend of Kadway's Ready Relief. The two doctors took under their care the patients in the ladies' saloon and the patients on one side of the forward saloon. The R. K. R. friend took the deck passengers and the cabin passengers on the larboard side of the forward cabin; as fast as the Ready Relief was applied to the R. R. R. patients they recovered, and before the two doctors got out of the ladies' saloon, every one out of the twenty-five that were sick, and were treated by the R. R. Relief, were out of danger and free from Cholera. Still the doctors refused to use the Ready Relief, and out of the twelve passengers under their treatment, seven died in the agomies of Cholera. At last both of the doctors were taken sick the field was now left open to the R. R. R. advocate, and with the assistance of some gentlemen who had witnessed its miraculous efficacy, it was applied to all the remaining patients who were quickly relieved from heir distressing and dangerous situations.

The two doctors were now the only sick ones on the boat Dr. W., a man of good sense and liberal views called for the R. R. R. advocate. "Sir," said the Doctor "I have made up my mind to try your quack medicine—is out of the power of remedies used by the regular orde of our taculty to cure me; I will, therefore, at the risk or being denounced by the faculty, consent to save my life by the assistance of Radway's Ready Relief." Not so did Dr. Noodle, he being determined to mage himself a marty to the "disprityof, the profession," refused to save his life by a "quack medicine." Hedashed aside the Life Restoring Remedy, and left as a trophy of his firmness and adherance to folly, a lump of dead dignity.

IMPORTANT TO RHEUMATIC EDITORS.
HOW JOHN MEWINNIE, ESQ., EDITOR OF THE
WOODSTOCK C. W. SENTINEL, WAS SEIZED
WITH LUMBAGO, AFFLICTED WITH RHEUMATISM, AND CURED BY BADWAY'S READY RELIEF. Messrs. Radway & Co., New York City. Messrs. Radway & Co., New York City.

Gentlemen: A recent trial of your R. Rehef for Rheumatism proves it to be a sovereign remedy. About four weeks ago I was seized with Lumbago, and quite unable of standay. I purchased from Mr. McPerson, a bottle of R. R. Relief, rubbed my back well and obtained immediate relief. The next morning I felt pain in my hip joint and in a few days it became considerably enlarged. I was afraid to try more or the Relief, lest it should drive the pain to a more vital part his the body, but as the pain in my joint, knee and ancle became so excruiating, I got another bottle of Radway, and applied it, and washed my whole limbs with it; and I am happy to say with complete success. The intense and unusual coid at this season, I feel has the effect of remewing the pain, but one application of the Ready Relief will banish it. Could I keep my feet warm at all times, I would have nothing to fear from the Rheumatism atter applying your Ready Relief. I shall occasionally draw attention to the efficacy of your medicines, the result of experience.

Ungs and Chest.

Ofpersons who have been troubled with chronic sore throat, tubercles in the lungs, bronchitis, or glandular af sections, are informed that the R. R. R. Remedies will cure them of these terrible complaints on the same principle. Let the Ready Rehet be applied externally on the chest and around the throat—this will effect an important and wonderfully beneficial result, it will get up a power-ful counter-irritating force, and withdraw from the Blands of the throat all congested blood that may interfere with the respiratory organs. Persons troubles with asthma, hard and difficult breathing, sharp pa as when taking a long breath, will find immediate relief after an application of Radw leady Rehef. In cases where the lungs are diseased, c. we Radway's Resolvent. The action of this medicine resolves away the diseased deposit—it heals all ulcers, and removes tubercles. We have known persons who had no idea of ever rising out of a sick bed, to be restored to sound health, with not a particle of consumptive material left in their bodies to hasten decay.—Radway's Regulators in these cases keep the system regular, and equalizes the circulation of the blood.

The democratic party is one several parties claiming their support. As the party, a united harmonious party, North and preservation of the Union is known to be the South, and, clearly, if all other political organfirst and paramount consideration with the people of all sections, we find that each of the parties among them selves on the slavery question as the claims to be friendly to the Union, and in its plat- Democrats do, there would be at once an end of form is pledged to maintain it. Its platform says Union, but itself, a reliable guarantee against fatal mischief does its organization and action promise any to the Union in case it should succeed; for history tells us, that other peoples and other nations have lost their liberties by the hands of those avoid all appearance of sectionalism, we see that who have professed the highest devotion to country. To ascertain, therefore, which of the three parties above named it would be safest and best for the Presidency, which on its face, ignores the to trust the government to in the present perilous crisis, we must look not only into the platforms but beyond them.

We lay it down as a self evident proposition that the Union cannot be maintained by the action and policy of any sectional party, no matter what its intelligence, numbers, or respectability. This the people generally agree to. Hence the masses of all parties disclaim the epithet sectional, and profess to be national and conservative. Let us enquire what is necessary to entitle a party to be called national and conservative. 1st. It must so proclaim itself in its it is their determined purpose to do. They are published platform. 2d. It must show an existence and an organization not confined to a sec- alienate the people of the North and the South tion, but co-extensive with the Union itself. 3. It does not know its own face, and it sanction of the Democracy of every State and section, is eminently national and conservative of the North pledged against the South." sanction of the Democracy of every State and the Union. No one disputes this. With regard to the second test, that of a national and pervading organization and being. That such is the case with the Democratic party is easily demonstrable. First, it is shown by the character of its nominating convention. Over six hundred delegates, coming directly from the people of every Congressional district in the whole Union, were convened in Cincinnati. In that Convention there was perfect harmony and unanimity on all the great questions that now agitate and distract the country, and the platform and nominations of the convention have met with universal acceptation on the part of the Democratic masses in every State. Second, the Democracy, as a party, have an active, living existence and organization in every section, State, county, city, and neighborhood, from the Atlantic to the Pacific. and from the lakes to the guif. In more than one half of the States, the Democratic party out numbers all other parties combined, while there is no single State in which it does not show a minority formidable enough to call forth on the an anti-slavery God." other side, regular organization and active efforts to meet and overcome it.

If we classify the States as follows: 1st. those in which the Democrats outnumber all other parties combined; 2d, those in which the Republicans have a clear majority; 3d those in which there is a possibility of the Know-Nothings having a majority; and 4th. those where the vote is so divided between the several parties that no one of them can hope for a majority of the whole: they will stand thus:

Democratic 17, viz:-Virginia, N. Carolina, S. Carolina, Florida, Georgia, Alabama, Mississippi, Louisiana, Texas, Arkansas, Missouri, Kentucky, Tennessee, Pennsylvania, Indiana, Illinois, and California.

Republicans 5, viz:-Massachusetts, Maine, Vermont, Rhode Island, and Iowa.

American or Know-Nothing 2, viz:-Maryland and Delaware.

Plurality States in which no party has a majority of the whole vote7,7 viz:-New Hampshire, Connecticut, New York, New Jersey, Michigan, Ohio, and Wisconsin.

Conceding Delaware and Maryland to the Know-Nothings, which is a stretch of liberality, we have 17 Democratic States by majority; 5 Republican by majority; 2 Know Nothing by majority; and 7 plurality States, of which 1 (Ohio) may be set down as certain for the Republicans by plurality, and 1 (New Jersey) for the Demoocrats; leaving 5 doubtful as between the Republicans and Democrats.

From the best data, then, the Democrats have majority of the whole popular vote in 17 States; a plurality in 1, and probably in 6; with not less than a 30 per cent. vote in any one State, as Vermont for instance, where they number proportionately less than in any other of the thirty-

protionately less than in any other of the thirty-ty-one States.

There is every probability that the Democrats will have a clear majority in the two States of Delaware and Maryland, here classed for Fill-more, and the plurality in most of the doubtful States of New Hampshire, Connecticut, New York, Michigan, and Wisconsin. It is impossible for such a party to triumph at this early day. Surely we have not fallen upon times so degenerate. The Coronation at Moscow

The European journals are full of the display to be made at the coronation of Alexander II by theembassadors of Austria, France, and England. of The Daily News:

"The rivalry between the special embassies will, I believe, be considerable; and rather humorous indications of it has already got into circulation. It is said that Prince Esterhazy's agent at Moscow, from having been early in the field, was able to obtain a suitable house for His Serene Highness at the moderate charge of 17,000 rou oles per month, but that the Prince subsequently hearing that the British and French amb were respectively paying 40,000 rubles, he indignantly cancelled his contract, and insisted or having a house at the same price. The serene ambition was easily gratified. A new coat of paint, a new name, and a new rate of rent soon brought the original house to the Prince's notion of what was suitible for the representative of the Emperor."

A telegraphic despatch to the London News states that the Emperor of Russia made his solem entry into Moscow on the 20th of August. The morning was rainy, but about noon it cleared. At noon a salvo of nine guns gave the signal to ring all the bells in the city, and they continued pealing until nightfall. At 3 P. M. the imperial procession set out from the Petrovsky palace. The Emperor was preceded by guards and Cossacks, also by deputations of the nobility, and by the representatives of the Asiatic nations subject to the Czar. The Emperor himself was on horse back, and attended by the Ministers of War. The Imperial Princes followed, also on horseback. Then came a long line of carriages, containing the Empress, Empress Dowager, Grand Duchesses, Princess of Oldenburg, and attendant ladies. Squadrons of Cuirassiers closed the procession. At 4 P. M., a salute of 74 guns announced

that the Emperor had entered the city. The Govinteresting and entertaining. Doctor James Williams:—For several years past, I have been liable to attacks of Dyspepsia; but never have I been more distressingly afflicted with its symptoms, than within the last few weeks. Indigestion, nervous irritability, despondency, a sense of weight in the stomach, and severe pains in the left side, rendering me, for the time being, truly wretched. Forthantely, I was recommended by a friend to try your Elixir. I did so, and in less than two weeks, indigestion ceased; pain and ner rous depression left me, and appetite, with mental and bodily health, were fully restored. To me the cure seemed almost mi raculous, and my object in writing to you sa-a hope that other persons suffering the miseries of Dyspepsia will avail themselves of your efficient remedy.

Among the number, we would refer to our "Ashland Kentuckian," Cook Stove, (three sizes out.) These Stoves have great weight of metal, highly finished and elegant in appearance. They combine all the modern improvements that practical experience has developed.

We would invite dealers to call and examise for themselves, and we think in quality, price, &c., they can be suited. Having enlarged our manufacturing department, we can promptly meet all demands. Thankful for the pat ronage which has been so kinkly bestowed upon us, we cure a continuance of it.
